## Plan of Action Local Chapter Scroll Preparation Instructions

The Plan of Action (PoA) reflects the message of this year's theme "*Simply the Best*". "Being the best means never settling for average. This year, through innovation, collaboration, leadership development, and continuous improvement Georgia elevates our school nutrition programs, strengthen our members, and positively impact our communities.

The PoA is divided into four sections that represent the major focus areas – **Career Development & Growth, Voice of School Nutrition, Stakeholder Community and Thriving Organization**. Each area has several activities that will focus on the work to be conducted and completed by the chapters and districts. The activities are designed to accomplish the work of the Association as outlined in the State Strategic Goals and to allow for choices that reflect the needs of the local chapter or district.

Activities listed as Local Scroll Actions have been identified as essential to the success of the association on a local level and are important in strengthening the association at the local level. Each POA receives a completion credit for completing the plan, credit noted on score sheet. Additional activities, called Electives, may be conducted in place of the activities listed for each PoA area plan. These activities are intended to allow chapters and districts to conduct activities that best meet the needs of their members. To document electives, place completed documentation and brief description of activity, in each section behind other documents and mark page as "Elective".

Gold, Silver, and Bronze scrolls will be awarded based on the number of activities completed. Each PoA area also indicates the documentation needed for each activity.
